

CAROC Fall Challenge at Road America

October 17-18, 2009

The Chicago Alfa Romeo Owners Club invites you to participate in the 2009 CAROC Fall Challenge at Road America – Timed Lapping Sessions on Saturday and Sunday, October 17th and 18th. Come enjoy the beautiful fall colors and have lots of motor sports fun.

The format will be lapping sessions by group; all sessions timed with AMB transponder system provided. The North Shore Corvette Club will also be joining us. Registration and tech inspection will begin at 7AM Sat and Sun. A special pre-registration and tech inspection will be held at the Baymont Inn (Plymouth) from 4PM until 7PM on Friday, 10/16. Touring will for roughly 30 minutes. Italian Touring from 12:30 - 1:00. Regular touring from 1:00-1:30

Safety requirements for Open Lapping are as follows:

Car must pass safety tech inspection*

Helmets and seat belts are required*

Fixed roll bars are mandatory for open cars only*

*Tech inspection checklist can be downloaded from our web site – www.caroc.com/events

If you have any question, please contact [Don Brubaker \(847\) 550-8422 ldbrubaker@comcast.net](mailto:ldbrubaker@comcast.net)

Want to watch the action close up and go touring for free? Volunteer to work a corner (Must be at least 18). Call Sandy GaNun at 847-234-0733 for more information.

Crest Motel, Plymouth	920-893-6111	Baymont Inn, Plymouth	920-893-6781

We have a block of rooms set aside at the Baymont at the special price of \$89 per night. You must register there more than 2 weeks in advance and mention the Alfa Romeo event.

T&S System Procedure

1. Data for each car/driver has to be entered into the system prior to the morning of the event, so the following data is required on the app: a) driver name, b) car make, c) model, d) year, e) color, f) car number, g) assigned run group, h) transponder number (if you own an AMB transponder) or if you elect to rent a transponder on the application then a number will be pre-assigned.
2. Each transponder user will be required to post a deposit in the event a transponder is damaged or destroyed. The deposit will be \$450 and can be either a signed form that contains a credit card number that can be charged or a personal check made out to CAROC. At the conclusion of the event when the transponders are returned in good condition the forms will be destroyed or the check will be returned.
3. We will be able to time every car that has a transponder for every session. Cars without transponders cannot and will not be timed.

During the event, if it becomes necessary to move an entrant from one run group to another, this can be accomplished relatively quickly.

There may be a slight downtime between sessions while the results of the previous session are printed and the system prepared for the next session. These times should be minimal and potentially accomplished during the cool down lap. Session printouts of lap times should be posted about 5 minutes after the end of a session.

IMPORTANT INFORMATION

- Your transponder number (if you own or intend to rent a transponder, must be in hand several days prior to the event (Tuesday, Oct. 12) so the data can be entered into the system prior to the event.
- We will be available at the Baymont Inn Hotel on 10/16, Friday evening from 4PM to 7PM for passing out transponders and gathering additional data for entry prior to Saturday morning.
- Any driver with no transponder assignment and does NOT have the number into the system by Friday evening will not receive any timing on Saturday morning.
- If a driver decides on Saturday morning to attend, their transponder number cannot be keyed into the system until Saturday lunch break. Other input times will be Saturday evening and Sunday lunch break. There will be no transponder assignments during or between the run sessions.

NOTE: We have a limited number of rental transponders available. If you do not sign up early, we cannot guarantee that we will have a transponder available for you. It has not been a problem in the past, but you should be aware.
